

Nicole Heales
Financial Specialist

NICOLE HEALES FINANCIAL

Money makes the world go round. We've all heard it, but how seriously do we really think about it? We know when we don't have enough, but most don't know how to fully utilise what they have in a progressive and forward thinking way. Mortgage Brokers are well placed finance specialists with an in-depth knowledge of loans and how to get the ideal finance for your needs.

We can give guidance and support in helping you achieve your goals. Having the right funding can make a huge difference to your long-term wealth. It can also help you minimise costs and repayments or set up a strong investment portfolio.

What can you expect from a Broker?

- We will work closely with you, the lender and other agents to ensure a smooth and efficient loan process
- Years of experience on our part gives us thorough knowledge of lending parameters to help guide you through even the most complicated loan applications.
- Regular communication updates through each stage of processing
- Our service will not cost you a cent
